Mr. Greg Koltonuk 3HWll United States Environmental Protection Agency Curtis Building 6th & Walnut Streets Philadelphia, PA 19106

Dear Mr. Koltonuk:

Demands upon my time have unavoidably delayed responding to your request for information.

My concern is twofold:

- Would you please study the enclosed and any other pertinent information available and -
- Advise us as to the rights and/or alternatives the Township has.

Our community is upset. We have odors, animals and birds, an eyesore and a threat to our water supply. There appears to be no authority to turn to.

PAD 04603005 Dilbertsvelle, Pa Some of Information Iclow included as answer to a Congressional relative to concern for offect of landfell's 1 leachate on streams in area. (1) Boyertown S.D. Co. is now trucking all leachate from their landfill to Waste Conversion and Chem-Clear. This practice has been going on for past menth. Why 3 Buka-Montgomery STP refuses to treat Boyertown S. D. leachate. (2) The Disposal Company has gum wells in place and report to DER on these quarterly. DER runs their our check on facility's well at least annually. DER feels company, at present is in compliance. (3) Facility has submitted an expansion permit application to DER. The expansion regresents a parcel of land adjacent to the landfill & owned by the company. The expansion would be for increasing capacety of the present landfill. Landfill is fallow (uncel Hivated). (4) DER has been inspecting BSDC weekly for several months and will custinue to do so (3) BSDC has no NPDES plemet, \* leachate flows from the land fill into their lagoon, then pumped into trucks & transported.
